SUMNER DISTRIBUTION CENTER:

A 441,000 square foot state-of-the-art Class A industrial building built for Industrial Income Trust.

SNOQUALMIE VALLEY HOSPITAL:

Benaroya developed and financed this 70,000 square foot critical access hospital.

With 60 years of development experience in the Pacific Northwest, The Benaroya Company has gained invaluable expertise in the development process. This expertise is coupled with our unique ability to make and implement decisions quickly without the burden of obtaining approval from lenders, board members, or outside partners. This independence, flexibility and financial strength gives The Benaroya Company the ability to provide our build-to-suit clients the structure that best meets their needs.

As a turnkey build-to-suit developer, The Benaroya Company will build on property we own or on a site controlled by the user. We will own and lease

the facility or act as the developer for the client's ownership. We typically act as a single source for both financing and fast track delivery.

The Benaroya Company can facilitate corporate expansions, relocation, consolidations and speculative development on behalf of investment clients for a variety of types of facilities including Office, Industrial, Data Center, Medical, Retail, Technology, and Manufacturing.

The Benaroya team will manage all aspects of the project from start to finish ensuring your project is completed smoothly, on time and on budget. Our streamlined structure enables us to easily accommodate changes requested by the client during the development process.
