These health care coverage market reforms in the individual market do not apply to short-term limited duration health insurance policies offered by a health insurer. This bill, commencing January 1, 2019, would prohibit a health insurer from issuing, selling, renewing, or offering a short-term limited duration health insurance policy, as defined, for health care coverage in this state. The bill would make conforming changes.

**Notes 1:** CAHU is OPPOSED UNLESS AMENDED to SB 910, which would prohibit the sale of short-term limited duration health insurance in California even in circumstances that would leave a consumer without any other coverage options. CAHU requested consideration of amendments which would allow for these plans to be nonrenewable, available in limited instances to those who are otherwise legally prohibited (including as a result of being without comprehensive coverage outside of the open enrollment period or special enrollment period) from purchasing comprehensive coverage, and limited

in duration until the effective date of plans offering comprehensive coverage purchased in the next open enrollment period.

**Summary:** The California Consumer Privacy Act of 2018, grants, commencing on January 1, 2020, a consumer various rights with regard to personal information relating to that consumer that is held by a business. The act requires a business that collects personal information about a consumer to disclose the consumer's right to delete personal information described above on its Internet Web site or in its online privacy policy or policies. This bill would modify that requirement by requiring a business that collects personal information about a consumer to disclose the consumer's right to delete personal information in a form that is reasonably accessible to consumers and in accordance with a specified process.

**Notes 1:** In a coalition CAHU SUPPORTS SB 1121, which amends the California Consumer Privacy Act (CCPA), to address a number of drafting errors and fix aspects of the law that would be unworkable and would result in negative, unintended consequences after swift passage this past June.

SB 1121 makes three crucial clarifications to the CCPA's HIPAA exemption. First, SB 1121 ensures that life-saving clinical trials can continue in California. Second, SB 1121 specifies that the HIPAA exemption also covers HIPAA-defined "business associates," which are already subject to all HIPAA privacy and security obligations. For example, third party administrators, (TPAs) are "business associates" that contract with health plans and insurers to adjudicate claims. If TPAs are not exempted from the CCPA, insured individuals could ask that TPAs delete personal information they collect – which would preclude claims from being processed and prevent providers from getting paid. Finally, SB 1121 largely exempts hospitals and doctors from complying with CCPA. Otherwise, if a consumer could request their information be deleted, hospitals and doctors would be required to collect all information about an individual, review each piece to determine what is protected by HIPAA (and not subject to the CCPA) and what is not protected by HIPAA (and must be deleted). This massive administrative burden would greatly increase the cost of healthcare with no corresponding benefit to the patient.

**Summary:** A long-term care policy, certificate, or rider that purports to provide benefits of home and community-based services under the California Partnership for Long-Term Care Program is required to provide specified minimum services, including assisted living facility services and residential care facility services. This bill would require a policy, certificate, or rider as described above to instead be called a home care, community-based services, and residential care facility only policy, certificate, or rider. The bill would delete assisted living facility services from the list of required minimum services to be provided, clarify that those required minimum services include care in a residential care facility, and delete the policy definitions.

**SB 1375 (Hernandez D) Health insurance: small employer groups.**

**Current Text:** Chaptered: 9/22/2018 [html](#) [pdf](#)

**Chapter Number:** 700

**Introduced:** 2/16/2018

**Status:** 9/22/2018-Approved by the Governor. Chaptered by Secretary of State. Chapter 700, Statutes of 2018.

**Location:** 9/22/2018-S. CHAPTERED

**Summary:** Current law governs the health care coverage that may be provided to eligible employees of small employers and defines a "small employer" for these purposes. Current law defines an "eligible employee" for purposes of these provisions to refer to an employee who is actively engaged on a full-time basis in the conduct of the business of the small employer with a normal workweek of at least 30 hours, at the small employer's regular places of business, who has met any statutorily authorized applicable waiting period requirements, and specifically includes sole proprietors and partners of a partnership if they are actively engaged on a full-time basis in the small employer's business and included as employees under a health care service plan contract or health benefit plan of a small employer. This bill would delete sole proprietors, partners of a partnership, and the spouses of sole proprietors and partners from the definition of "eligible employee" for purposes of those provisions.

Organization	Position	Priority	Subject	Group
CAHU	Neutral			CAHU TOP PRIORITY BILL

**Notes 1:** CAHU is currently NEUTRAL on SB 1375 that clarifies existing law that sole proprietors or their spouses, and partners or their spouses are excluded from small employer health plan contracts and policies. This bill would change the definition of who is eligible for small employer health plans so that individuals who are self-employed cannot join association health plans. The plans, often composed of individuals who band together in an effort to avoid purchasing insurance off the health care exchange, are argued by proponents of the bill, to weaken the exchange by removing members from the pool.
