Introduction

This is a special opportunity to help develop, build and launch the first ever Women's Leadership Summit with CAHU. The need for an event focused on gathering existing and potential women leaders in our industry to help develop, grow and encourage likeminded individuals is critical as the industry shifts and expands. The ultimate goal of this event is to build and grow networks and to deliver actionable insights to women in leadership roles about how to become better leaders, employers, employees and how to lift others – both male and female -to do the same.

This initial event will have a limited registration of 100 attendees plus our sponsor partners. This will allow for an atmosphere that encourages relationship building, frank and open discussions, and most of all, an opportunity for our leaders to learn and grow. Ultimately, we envision expanding it beyond our association, but want to focus on launching it successfully, with this exclusive approach.

Event Overview

Join us this spring in Las Vegas for a first of its kind CAHU event, focused on leadership development for women in our industry.

We will begin with a fun and engaging Welcome Reception where you'll mingle with friends old and new, and experience a glimpse of what we have in store for you.

Day 2 will be action packed, beginning with networking and wellness sessions, followed by powerhouse content over brunch, a midday recharging break, and an afternoon full of more amazing sessions and workshops. That evening we'll reconvene for a cocktail reception and more networking.

The final morning will feature more wellness and networking, along with a second keynote address.
