BUILD-TO-SUIT SOLUTIONS

SUMNER DISTRIBUTION CENTER

A 441,000 square foot state-of-the-art Class A industrial building built for Industrial Income Trust.

Many companies have engaged The Benaroya Company to fulfill their BUILD-TO-SUIT needs, relying on our expertise in providing exceptional quality, speed and value.

EXPERTISE

With over 60 years of development experience, we bring invaluable expertise to the development process.

This deep expertise is coupled with our unique ability to make and implement decisions quickly without the burden of obtaining approval from lenders, board members, or outside partners. This independence, flexibility and financial strength gives us the ability to provide our build-to-suit clients the structure that best meets their needs.

SERVICES

As a turnkey build-to-suit developer, we will build on property we own, a site controlled by the user or with your assistance, we will source an appropriate site. We will own and lease the facility or act as the developer for the client's ownership.

We typically act as a single source for both financing and fast track delivery.

We can facilitate corporate expansions, relocation, consolidations and speculative development on behalf of investment clients for a variety of types of facilities including Office, Industrial, Data Center, Medical, Retail, Technology and Manufacturing.

BENEFITS

Our team provides dedicated leadership who take a hands-on approach with a reputation for unparalleled excellence and responsiveness.

Our team can manage all aspects of the project regardless of the complexity from start to finish ensuring your project is completed smoothly, on time and on budget. Our streamlined structure enables us to easily accommodate changes requested by the client during the development process.
