A40-1163	1.5"	1.5"	.125"
A40-1202	2.0"	2.0"	.125"

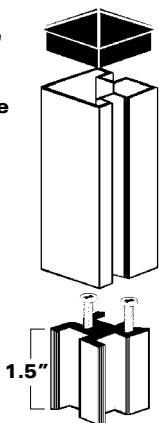

## Counter Partition System Components

Morse Industries Aluminum Partition Systems are easy to install and have no exposed screws. The same cap and base fit all three posts. All posts have a 1 1/4" outside dimension and are available in 12' lengths. Designed for 1/4" glass, components are stocked in a clear satin finish and other finishes are available on a mill run, special order basis only.

**Black Nylon Caps** are square with pyramid apex and snap into posts. Same cap fits corner, center and end posts.

**Bases** are square with ribbed sides for 'press' fit. Base can be screwed or bolted to a countertop made of any material.
