

MORSE

SPECWIZARD®

Select and configure Morse Industries' product fast and accurately, then automatically produce an accurate CSI 3-Part Formatted spec.

3 EASY STEPS!

1. Select specific product. In this case, Glass Clamp Systems has been selected.
2. Drop-down menus limit selections to one only. This prevents the architect from selecting and specifying an incompatible feature.
3. Click the spec button and the software then assembles all the required text and produces an accurate CSI 3-Part Formatted specification.

1 The SpecWizard concept is simple as 1, 2, 3.

1. **Select products** on the right by checking check boxes
2. **Configure the products** by selecting options
3. **Generate Spec** in Word, WP or RTF
